MAKERS

AMONG the advantages we offer young men who come to us for their clothes is the assurance that we can guarantee them better fit and more style.

In different parts of the country young men of the same age vary strikingly in their measurements.

It is not every manufacturer nor every retail store that takes these facts into consideration. We do, and the manufacturers who produce our clothing likewise do; therefore our stock has been made to our order and with reference to the requirements of the young men of this climate and section of country.

We have your particular size and the suit that will exactly fit you and look best on you. In every respect we guarantee you complete satisfaction.

Prices \$7.50 to \$30.00.

In addition to our perfect fitting suits we desire also to call attention to our superb line of

Panama and Straw Hats.

Our Hosiery, Neckwear, Negligee Shirts (with or without collars) Coats, Undershirts and Knee Drawers, Union Suit Underwear, and Men's Shoes—all of the most approved makes.

UNCOOKED MEAT IS VERY DANGEROUS

**Fearful Suffering Caused by Eggs of Parasite
Which it may Contain—Statement
by a Priest.**

Cincinnati, O., April 25.—Probably the most unusual feature of the excitement that has been created by L. T. Cooper's visit to this city is the removal of parasites or tape-worms by his preparation.

During the early part of Cooper's stay in Cincinnati individuals who were taking "New Discovery" as it is called, brought either to himself or to physicians throughout the city immense parasites that had left the system after using the medicine.

Many of these people were frightened and cases of this sort became so numerous that Cooper finally made the following statement for publication:

He said: "In every city I visit these things are brought to me within a few days after my medicine is sold in the city. They are what is known as the tape-worm, and grow to an enormous size."

"Few indeed realize how prevalent these creatures are. I think I have been the first to demonstrate what a large factor they are in the poor health of this generation. I believe that fully one-half of the chronic stomach trouble so universal is caused by these parasites."

"Individuals may have them for years and not be aware of the reason for the continued ill-health, but attribute it to many different diseases when in reality one of these creatures is robbing them of their vitality."

"These parasites are taken into the system in uncooked food or raw meat in the form of an egg, which hatches almost immediately. People suffering from them experience a feeling of lassitude and are extremely nervous. The action of the 'Discovery' seems to be fatal to these great worms, and in most cases a few doses of the medicine drives the creatures from the system. I will have hundreds of them brought to me before I leave the city."

This gruesome prophecy has been amply verified, for not only hundreds

but thousands of Cincinnati people have been relieved of some of these fearful parasites since taking Cooper's preparation, and the entire city has been aroused by the fact.

Some of these parasites are of such enormous size as to startle the imagination. The statement of Father John Baptist Arnold, one of the best known and best beloved priests in this section of the country verifies this. His statement, among others, given to a reporter, was as follows:

"For years I suffered from what I thought was a general run down condition of the system caused by stomach trouble. I felt extremely tired all the time, and it was a great effort to attend to my duties. I would wake up in the morning feeling as worn out as when I went to bed. If I stood for any length of time I would have pain in the lower part of my back, and would have to sit down."

"I was very nervous and depressed in spirits, and was troubled with dizzy spells. I would see spots before my eyes when I stooped over and raised up quickly. I had a very irregular appetite, and would have palpitation of the heart after ascending the stairs."

"The talk about Cooper's preparations was so universal that I decided to try some, although I do not take patent medicines as a rule. I took four doses of the 'New Discovery' as it is called, and a tape-worm about ninety feet in length left my system."

"I am very thankful for this great relief, and now I know what has been the cause of all my sufferings." This story of Father Arnold is a fair sample of the experience of an astonishing number of Cincinnati people, and Cooper's preparations are selling here in immense quantities. It is now estimated that he has sold one hundred thousand bottles to date in this city alone, and the sale is still increasing.

LATE STATE NEWS.

ST. AUGUSTINE.—A chapter of the United Daughters of the Confederacy was organized at St. Augustine last Wednesday.

OCALA.—From reports available the watermelon and cantaloupe crops in north Florida, north of Ocala, are damaged about 50 per cent.

TAMPA.—In the case of E. E. Webb vs. A. C. L. Ry., a verdict for \$20,000 damages was rendered for the plaintiff by a jury in the U. S. court at Tampa last week. Mr. Webb sued for damages on account of injuries received in a wreck in March of last year, while engineer for said railroad. Robert W. Davis and Hilton S. Hampton of Tampa, represented plaintiff, and W. A. Carter of Sparkman & Carter, the company.

JACKSONVILLE.—The hard surfaced road from Jacksonville to the beach is now assured and the engineering began the survey Monday. The joint proposition of C. H. Barnes, Jacksonville Automobile association and Motor Boat club to contribute \$20,000 in cash towards the road was accepted by the Duval county commissioners.

Tallahassee correspondent to the Savannah News dated April 24th, says, Lincoln Hulley, president of Stetson University, and ex-Governor Jennings, one of the trustees of the university, came to blows to-night in the lobby of the Leon Hotel. The altercation was over a fight which is being made before the legislature for an amendment of the charter of the institution, for a board of trustees that is not self-perpetuating, as the present one.

HASTINGS.—Eight carloads of potatoes were shipped from Hastings last Saturday morning. It was the first large shipment of the season.—Deputy Sheriff Green carried to St. Augustine Sunday a negro prisoner and lodged him in jail, charging him with attempted criminal assault upon a white lady. The citizens of Hastings are infuriated, and there might have been a lynching, but for the precaution of the officer which enabled him to outwit the mob. The negro confessed to the officer that he was drunk and had attacked a lady. The alleged crime was committed near Federal Point.

PALM BEACH.—Vegetables are going north now in great volume. Express and freight trains are carrying thousands of crates daily to other states, and the quantity is increasing steadily. Every day the express trains with seven or eight carloads of vegetables, including tomatoes, string beans, eggplant, etc., and freight trains of from twenty-five to thirty cars, packed solidly with the same varieties of vegetables, are en route from the lower east coast to northern markets. Potatoes are now being moved, but the heavy shipments will not be made for a week yet. The shipments from the lower east coast are very heavy for this season of the year, and promise to eclipse those of last season.

Notice.

To Our Customers:
At our annual meeting, held last month, it was decided that, after filling what orders we now have booked for planing mill work, we would discontinue running our planing mill and box factory indefinitely in the future, and our product in the rough only and, so far as possible, in a wholesale way.
